Hi!

Thank you for your call. I've been hearing a lot about Business International Group. **Can you please expand on your company model?**

read 3 minutes ago

Absolutely! Business International Group (BIG) also referred to as Binter Groups is a **minority and women-owned business located in New York with more than 30 years of experience in the wholesale and retail industry.**

We operate as a full-service, one-stop solution for international brands, supporting them across the entire supply chain. This includes importing, warehousing, marketing, and distributing products through both mainstream and ethnic retail channels.

Thank you for your response! I can't wait to learn more.

You're welcome! Please scroll through our catalog and **join BIG on a culinary journey** around the world! For more information, **please reach out via email at [info@bintergroups.com](mailto:info@bintergroups.com) or 516-515-9727.**

## Real Rice Facts

Well-stored uncooked rice may last from 10 to 30 years. However, cooked rice is prone to spoilage if left at room temperature. It's always better to cook the right amount, and store leftovers properly in the fridge.

## Real Rice Facts

Rice is the oldest known food that is still widely consumed today. Archaeologists can date its consumption back to 5000 BC.
